# About SACO

SACO opens the door to 30,000 stylish serviced apartments worldwide, offering relaxed living in a spacious, great value alternative to a hotel when you're working or staying away.

We're here to listen and help you find the perfect apartment, so whether you're booking or staying with us, you'll always experience The SACO Welcome.

## The SACO Welcome

From the first time you contact us, whether it's online, on the phone or in one of our stylish properties, you'll recognise the SACO Welcome. It shines through in our knowledge and enthusiasm for serviced apartments, as well as the way we listen to our customers so we can help you find the perfect place to stay. We're here to help.

## A world of choice

We open the door to over 30,000 apartments in over 220 destinations worldwide. Some of them are operated by SACO and others are carefully-chosen partner properties that we've hand-picked for their high quality standards and commitment to customer service.

## Fast, easy and flexible booking

Whether you're looking for an apartment for one night or one year, you'll find booking is quick and simple. And because we know that plans sometimes change, it's easy to amend your stay at short notice too.

## Space to work or play

You'll find all of our apartments are kitted out to the highest standards, whether it's our own or a hand-picked partner property. Apartments are designed with easy living in mind and have everything you need to help you work, relax or entertain in style.

## Global reach, yet local touch

We're one of the original champions of serviced apartments and have been sharing our passion for 17 years, so we know the business, our apartments and our locations inside out. We're here to help wherever you need us, using our local knowledge and experience to help you find the perfect place to stay, whether that's in London or Los Angeles.

## SACO for business

Our business customers and partners think of us as part of their team, which is why they come back to SACO time and time again for help with finding the right accommodation for their business. We develop programmes for hundreds of businesses. Sometimes it's about finding multiple apartments in cities around the world, and sometimes it's about looking after just one person for one night.

## Better value for money

Apartments can deliver direct and incremental savings of up to 30% compared to a hotel room of a similar standard. So if you're looking for more choice for less, there's no better way to stay away.

## SACO story

Our business was created because our founder loved the benefits of apartment living for business and leisure travel, as well as the value, choice and flexibility that simply isn't available with traditional hotels.

We've been championing serviced apartments as a better way to stay away for 17 years and don't intend to stop anytime soon. In fact we have exciting and innovative plans to push serviced apartments into the heart of hospitality.
